ANSIKLOPEDI

Syans ak EDUCA VISION

The Haitian Creole Science Encyclopedia

The *Haitian Creole Science Encyclopedia (Ansiklopedi Syans ak Educa Vision)* is the first Haitian Creole encyclopedia for children. It teaches essential concepts for elementary school science instruction and helps students transition from elementary to middle grades. From basic objects in the sky, life cycles, properties of earth materials to the more advanced structures of living systems, forces and motion, and technology. Students will find what they need for classroom studies as well as independent learning and exploring.

Each volume brings a wide range of topics to life. Illustrated with fascinating facts, maps, timelines, and graphics, this reference book makes complex subjects easy to understand.
